This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.

+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.

+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.

+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. RULES OF THE LIBRARY.

Extract from "An Act Defining the Duties of State Librarian, and Prescribing Rules for the Government of the State Library," Passed April 9, 1850.

SEC. 3. Books may be taken from the State Library by the Members of the Legislature and its Officers, during the Session of the same; and at any time by the Governor and the Officers of the Executive Department of this State, who are required to keep their Offices at the Seat of Government; the Justices of Supreme Court and Attorney-General; *provided*, that no person shall be permitted to take or retain from the Library, more than two volumes of miscellaneous works at any one time.

SEC. 4. The Librarian shall cause to be kept a register of all books issued and returned at the time they shall be so issued or returned; and none of the books, except the Laws, Journals and Reports of this State, which may be taken from the Library by Members of the Legislature or its Officers during the Session, shall be retained more than two weeks; and all the books taken by the Members of the Legislature or its Officers, of every kind, shall be returned at the close of the Session.

SEC. 5. If any person injure or fail to return any books taken from the Library, within the time prescribed in the foregoing Section, he shall forfeit and pay to the Librarian for the benefit of the Library, three times the value thereof, or of the set to which it belongs; and, before the Controller shall issue his warrant in favor of any Member or Officer of the Legislature, or of this State, for his per diem, allowances or salary, he shall be satisfied that such Member or Officer has returned all books taken out of the Library by him, and has settled all accounts for injuring such books or otherwise.

SEC. 6. All fines and forfeitures accruing under and by virtue of this Act, shall be recoverable by action of debt before any Justice of the Peace or Court having jurisdiction of the same, in the name of the People of the State of California, for the use of the State Library; and in all such trials the entries of the Librarian, to be made as hereinbefore described, shall be evidence of the delivery of the book or books, and of the dates thereof; and it shall be his duty to carry the provisions of this Act into execution, and sue for all injuries done to the Library, and for all penalties under this Act.
